3. Choice of program

- University entrance qualification: Choose between „EITHER I AM a citizen of an EU country, Iceland, Norway or Liechtenstein OR I HAVE obtained an abitur at a German school abroad“ and „I AM NOT a citizen of an EU country, Iceland, Norway or Liechtenstein, and I HAVE a university entrance qualification from abroad (not Germany)“
- Degree: Important! This is not your obtained degree, but the one you are applying for, so please choose Master of Science.
- Form of studies: consecutive master's
- Subject: Choose between Master of Science in Psychology: Biological Psychology, Clinical Psychology and Psychotherapy and M.Sc. Psychology: Psychological Science
- 1. Subject-related semester

Your choice of program

Please select the desired program. In combinatorial programs (teaching, Bachelor of Arts), enter the subdisciplines one by one.

In general:

- A **subject-specific** higher education entrance qualifications (fachgebundene Hochschulzugangsberechtigung) only allows a student to study specific subjects.
- **Qualification entitling holder to study at a university of applied sciences (Fachhochschulreife)** DOES NOT entitle one to study at the University of Regensburg.
- The **studienkollegs** assessment examination is not a qualification for admission to institutions of higher education. Please select your education type corresponding to your nationality.

4. Hardship case or preferred admission (service, e.g. federal volunteer service)

- Request for a consideration as a hardship case
- Application for a preferred admission if you were accepted for a place at university at the start or during service and could not fill this place due to service
- Only applicable for NC-procedure, if your application has already been accepted in the first step
- If applicable tick the relevant box and provide the relevant document on the next page

Request for a consideration as hardship case - M.Sc. Psychology: Psychological Science, 1. subject-related semester

Do you want to make an application for exceptional hardship (**compelling need** to take up studies or **serious grounds** for being bound to the place of study)?
You can get information on the criteria which you need to fulfill and how the application affects your application from the Registrar's Office under "help".

Mark the subject for which you want to make an application for hardship:

☐ M.Sc. Psychology: Psychological Science, 1. subject-related semester

Application for a preferred admission - M.Sc. Psychology: Psychological Science, 1. subject-related semester

If you were accepted for a place at university at the start or during service (e.g. military service, civilian service, work with the federal volunteer service (Bundesfreiwilligendienst)), and you could not fill this place due to this service, then you can make an application for preferential admission to **the same subject**.
You can get information on the criteria which you need to fulfill and how the application affects your application from the Registrar's Office under "help".

Information on the applying for the master's degree Psychology (PsyBKP)

Here is some information on applying for the master of science degree in Psychology: Biological Psychology, Clinical Psychology and Psychotherapy (PsyBKP).

Applications can be submitted **up to July 15** of the year in which you plan to start.

You must have the following information to hand for your application:

- Details of your qualification for admission to institutions of higher education (school-leaving grade and date)
- Information on your previous studies (programs, times, places)
- Link to the module descriptions from your bachelor's degree in psychology if you did not study at the University of Regensburg (or alternatively, official documentation of such descriptions)

Please ensure that you have the following documents available as PDFs you can upload to the application portal:

- **Transcript of records *marked as below***
- **Degree certificate**
- Certified documentation, that the program conforms to the medical practice regulations (Approbationsordnung) if this is not contained in the certificate
- Documentation of qualification for admission to institutions of higher education, should this have been obtained abroad
- Documentation of German language skills, copy of ID, and resume, should the qualification for admission to institutions of higher education have been obtained abroad

Before uploading the transcript of records, please highlight the total number of credits obtained so far in courses and examinations in orange.

If you would like to apply for a grade enhancement, you will also need to mark your transcript of records, highlighting your participation in an empirical-experimental project seminar of at least 12 ECTS in yellow, and/or courses in the area Biological Psychology with a total of at least 12 ECTS in light green.

If the final grade is not available during the application period, you can apply using your average grade at the time (provisional overall grade covering at least 140 CP, "vorläufige Gesamtnote"), and submit your degree certificate (on this portal) together with documentation that the degree conforms with the medical practice regulations (Approbationsordnung) by November 30 the year you plan to start. Even if you will be submitting your certificate later, please indicate in your application whether your degree program conforms to the medical practice regulations.

Note:
The assessment for admission to the master's degree program does not replace the state authority's assessment of whether the prerequisites for admission to the examination for licensing as a psychotherapist have been met (Zulassung zur Approbationsprüfung als Psychotherapeutin oder Psychotherapeut).
